

Westwood HS SunDancers

Welcome to the 2022-2023 Season!

The SunDancers are working hard and having a blast this school year. These dancers are learning choreography, performing at football games and pep rallies and promoting school spirit throughout the school. Whether they are serving breakfast to the teachers or performing at halftime, they are always smiling and having a great time.

Summer Camps

The Summer is a break from the school routine for the SunDancers but it is also a time for them to get ready for the new year.

The Social board kicked things off with two days of leadership and team-building training in early June. They got to know other Round Rock dance team Social boards, they listened to guest speakers, and they learned new techniques on how to bring the team together.

Next up was Line Officers Camp. SunDancer officers had an intense few days of bonding, technique classes, leadership training and competition! These girls left the camp energized and ready to be a successful team.

Towards the end of July, the full team came together to host a camp for the community of future SunDancers (or any kid that just

wants to have fun and dance). They also kicked off their official season with line camp, mum-making, a pool party and more!

Football Performances

The SunDancer team shines both in the stadium and on the field during halftime. Their sharp skills and school spirit are on display as they support the team and motivate the crowds. Most of all, they have so much fun from game day meals, to Homecoming, to dancing in front of the fans.
